

Boil Water Notice

Responding to a 'Poor' rating on the Turbidity Index, the City of Fernie has issued a BOIL WATER NOTICE.

The City of Fernie and Interior Health recommend that all customers drink boiled water or a safe alternative until further notice.

Water intended for drinking, washing fruits or vegetables, making juice or ice, or brushing teeth should be boiled for one minute.

We apologize for any inconvenience this may cause, and appreciate your patience during this time.

Due to increased turbidity (cloudiness), Interior Health and the City of Fernie recommend that all users drink boiled water or a safe alternative. Tap water intended for drinking should be boiled for one minute.

Health risks increase as turbidity rises.
Stay Safe.
